

**JICK ©
STUDENT VIOLENCE / HARASSMENT /
INTIMIDATION / BULLYING**

The Governing Board believes it is the right of every student to be educated in a positive, safe, caring, and respectful learning environment. The Board further believes a school environment inclusive of these traits maximizes student achievement, fosters student personal growth, and helps students build a sense of community that promotes positive participation as members of society.

The District, in partnership with parents, guardians, and students, shall establish and maintain a school environment based on these beliefs. The District shall identify and implement age-appropriate programs designed to instill in students the values of positive interpersonal relationships, mutual respect, and appropriate conflict resolution.

To assist in achieving a school environment based on the beliefs of the Governing Board, as set out in this policy and accompanying regulation, student harassment, intimidation and bullying are prohibited on school property, on school buses, at school bus stops, and at school sponsored events and activities. Cyber harassment, intimidation and bullying are also prohibited.

Distinctions between harassment, intimidation and bullying may be found in Regulation JICK.

The Superintendent shall establish procedures for the dissemination of information to students, parents, and guardians concerning this policy and accompanying regulation, incident reporting, support services (proactive and reactive) and student rights.

Information will be provided to students, parents and guardians as follows:

- During the first week of each school year
- To each incoming student during the school year at the time of the student's registration
- In classrooms and in common areas of the school
- Be summarized in the student handbook and on the District website.

The Superintendent shall establish procedures for the dissemination of information to District employees concerning this policy and accompanying regulation, including preventative measures, incident reporting, support services to students and students' rights. Information will be provided to staff members at the beginning of each instructional year and on the first day of employment for new employees.

The Superintendent shall also establish procedures designed to protect the health and safety of students who are harmed as the result of harassment, intimidation, or bullying. These will include, when appropriate, procedures for contacting emergency medical services or law enforcement agencies or both.
