

ParentVUE/StudentVUE contains the most up-to-date information regarding assignments and grades. To see missing assignments, log in to [ParentVUE](#) and click on your child's Calendar.

On the calendar, you and your child can see due dates and grades; you can also see which assignments are missing. Look for the red **"No Evidence"** comment next to an assignment - this is something your child has not submitted. **"Received"** means that your child has submitted the assignment but the teacher has not yet graded it and **"Excused"** means your child will not need to complete the assignment.

Common Performance Assessment	30

Your child can then either:

- Click directly on the assignment to access resources (downloadable worksheets, etc. if available)

OR

- Check the teacher's website or Google Classroom for resources

OR

- Speak to the teacher at an appropriate time to get resources needed to complete the assignment

OR

- Write an email to the teacher asking for help to find the resources

In this example, the teacher has attached a resource:

Grade Book Assignment Detail

Course Science 7 (O4007)	Period 2	Teacher Carol Ann Hoenshell 	
Assignment Engineering Process Formative	Type Paper Assessments	Date 09/13/2017	Due Date 09/13/2017
Score Not Due	Score Type Rubric	Points 1.00 Points Possible	Notes

Description

Students will communicate results of an investigation and explain how they used the steps of the engineering process to investigate the efficiency of a prototype.
